# Preferred Referral Partnership Program

## Partnering throughout the Southeast

### PROTECT

Strengthen your client relationships and avoid competition from other payroll companies. We support our partners by helping them retain their block of business. We don't have an insurance agency, we just focus on great payroll services so you never have to worry about a provider taking an AOR on your accounts.

### GROW

We help partners grow their block of business by making it easier to unbundle from leasing or PEO-type arrangements. Because PayPro provides Human Capital Management services, we can provide a solution to the customer that's often 15% to 50% less than what the PEO or leasing company is charging.

### REVENUE

At PayPro, we put your needs first by providing a fair and consistent revenue share with our partners that provides an additional revenue stream on all referred business. This revenue is paid monthly off of the gross revenue we collect from the referred customer.
